Jointly Organized by
Indian Society of Agricultural Engineers
New Delhi,
Dr. Rajendra Prasad Central Agricultural University
Pusa, Samastipur, Bihar
&

**Bihar Agriculture Management & Extension Training Institute
(BAMETI), Patna**

Background

The Agricultural Engineers have been immensely contributing in the field of farm mechanization, irrigation, drainage, soil-water conservation, watershed management, flood and water control systems, command area development, post-harvest management, agro processing and value addition, managing agricultural structures, environment control, renewable energy generation and other domains directly associated to agricultural productivity and farmers' income.

The Indian Society of Agricultural Engineers (ISAE) was established in 1960 with an objective to strengthen the profession by bringing together agricultural engineers of the country on one vibrant platform. Indian Society of Agricultural Engineers with a mandate to organize regional, national and international meets and Annual conventions of the society enable multiple stakeholders, national and international experts to discuss challenges and opportunities in the research, education, extension, industry, employment, and other relevant aspects of agricultural engineering.

Dr. Rajendra Prasad Central Agricultural University is a pioneer institution of agricultural education & research. With the enactment of Dr. Rajendra Prasad Central Agricultural University Act, 2016, with effect from 7th October, 2016, the erstwhile Rajendra Agricultural University, Bihar, Pusa (Samastipur) is converted into Dr. Rajendra Prasad Central Agricultural University. The university includes six constituent colleges, five agricultural research stations, six centre of research excellence and sixteen Krishi Vigyan Kendras (KVKs) spread over Bihar. The main campus of RPCAU is located at Pusa, district Samastipur, Bihar. The university provides quality education both at UG and PG levels.

The College of Agricultural Engineering was established in 1983 for to give the much needed impetus for agricultural development in the state through education, research and transfer of technologies related to agricultural engineering. The college offers under graduate course in Agricultural Engineering, M. Tech. and PhD programme in all three disciplines- Farm Machinery & Power Engineering, Processing & Food Engineering and Soil & Water Engineering
