Vice-Chancellor's Message

It is my proud privilege and pleasure to join the position of Vice Chancellor of this very prestigious Central Agricultural University of the country, said to be the mother of organized agricultural education and research. I am fully aware of the challenges and opportunities of heading such institution and pretty much sure and believe that unflinching cooperation and support of all stakeholders be it faculties, students, administration, council, DARE, and Govt. of India, the challenges will be converted into opportunities. A very transparent, accountable, evaluative, monitoring processes and administration has to be ensured to make this university a vibrant institution of learning having not only respectable position in national rankings of NIRF and ICAR but also of QS-World University Ranking. Every effort will be made to introduce less paper office (e-office, ERP) and timeline for every activity pertaining to administration, academics, research and extension, infrastructural development, employees' welfare and grievances redressal.

Let us join our hands and wisdom together to bring back the past glory of this University to make it Nalanda of modern Agricultural education and research.

Jai Hind!

(Dr.P.S. Pandey)

Vice-Chancellor's Engagements

- Inaugurated 3-day training for "Extension Personnel Improvement Technology for Sugarcane Production & Employment Generation" at SRI, Pusa on 26.09.2022.
- Inaugurated "Medicinal Mushroom Production Technology Training Programme" at RPCAU, Pusa on 27.09.2022.
